BE HANDS-ON WHERE IT COUNTS

Every business, every situation is different. We'll bring executive talent off the bench if needed, but want you to run your business. We prefer to devote our best energy and effort to strategy and counsel.

“The most efficient use of our mutual resources is to let each party do what they do best. We're expert in business strategy, in being a catalyst for growth, and making sure the execution is right.”

— Lawrence B. Sorrel

“Our management teams know that they're important to us — that the people at the table are those who will be helping them grow their business.”

“Generating consistent growth requires collaboration. We're always open and involved. Our role is to work with you and find the path you want your business to follow.”

— James S. Hoch
